

THE SNOW LION EXPERIENCE

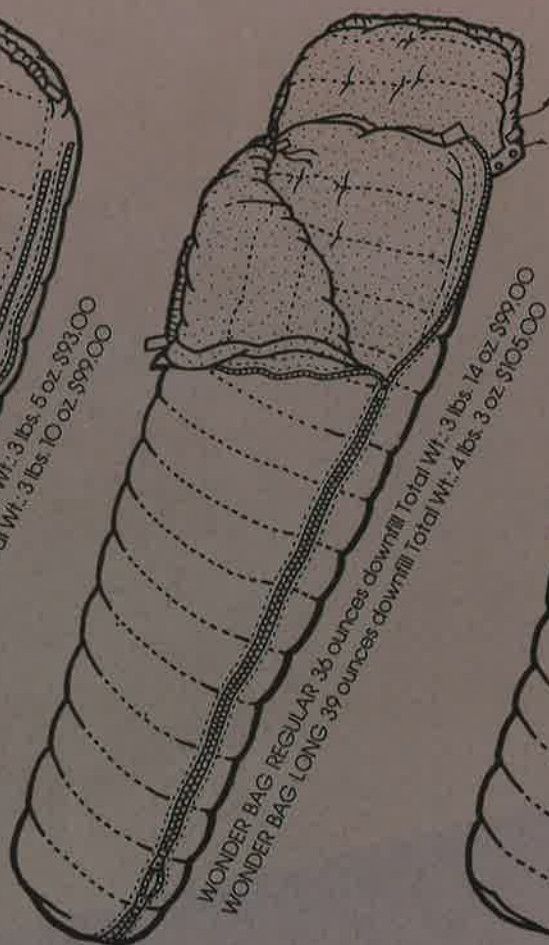

**DOWN
SLEEPING
BAGS**

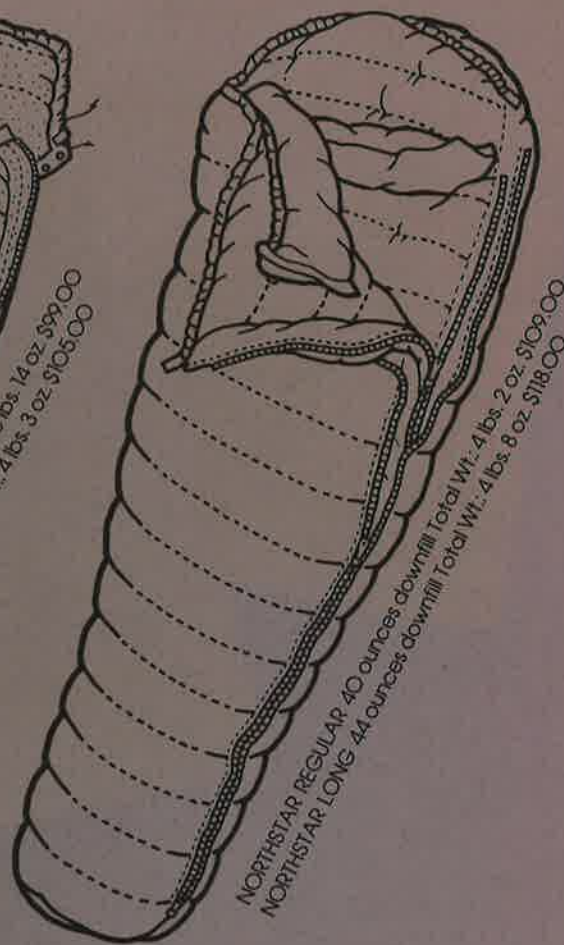

When we began the craft of building down bags, we decided to combine the finest materials with a liberal dose of... Our...

ULTRALIGHT REGULAR 35 ounces down Total Wt.: 3 lbs. 5 oz. \$93.00
ULTRALIGHT LONG 32 ounces down Total Wt.: 3 lbs. 10 oz. \$99.00

WONDER BAG REGULAR 36 ounces down Total Wt.: 3 lbs. 14 oz. \$99.00
WONDER BAG LONG 39 ounces down Total Wt.: 4 lbs. 3 oz. \$105.00

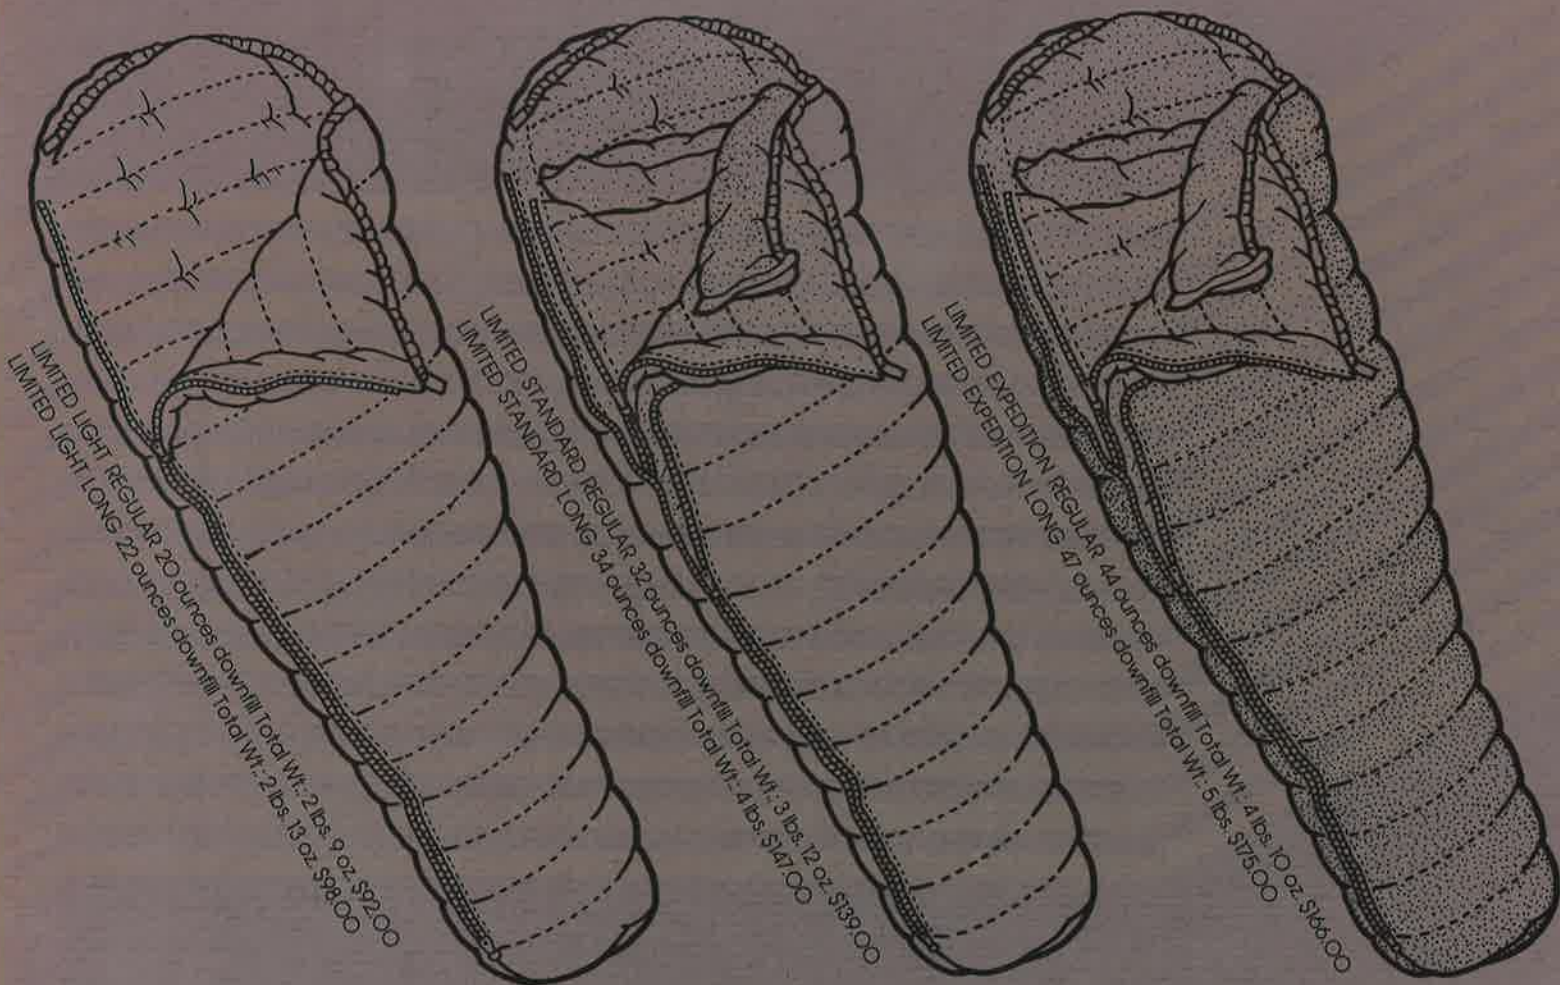

NORTHSTAR REGULAR 40 ounces down Total Wt.: 4 lbs. 2 oz. \$109.00
NORTHSTAR LONG 44 ounces down Total Wt.: 4 lbs. 8 oz. \$118.00

Ultralight The bottle shaped ULTRALIGHT is our most popular down bag, designed for the backpacker/mountaineer who needs a high performance product with warmth and comfort enough to take to the mountains all year around. Nothing has been spared in the detailed manufacture of this highly sophisticated sleeping bag. Special features include Two Zipper System, Differential Baffle Depth, Body Contour Baffling, Tulip Bulb Foot Section, Ground Level Side Block, and Tuck Stitching.

Wonder Bag The wildly versatile, downfilled WONDER BAG has developed a huge following among creative backpackers desiring a semi-rectangular sleeping bag with a personality of its own. It zips side by side or one on top of another; each is a right or left zippered bag; it opens to form a comforter; its detachable hood snaps onto either side; it has two consecutive zippers, the

second extending around the foot. In addition, the WONDER BAG zips together with any Snow Lion mummy regardless of length or zipper side.

Northstar A spacious bottle shaped mummy, the NORTHSTAR is intended for the serious mountaineer likely to encounter severe or prolonged use at high altitude as well as the avid cold weather backpacker. A superior performer since its introduction, the NORTHSTAR has built a reputation as the country's "top" bag in the 2½ lb. category.

Limited Light The slim and incredibly light weight LIMITED LIGHT is the most popular member of our highly acclaimed LIMITED EDITION series. This outstanding bag is the most advanced expression of the warmth-to-weight ratio in existence. It achieves a level of excellence unmatched among the world's lightweight sleeping bags. We guarantee the downfill to be of higher quality than that found in other bags sold for resale in the United States.

Limited Standard The LIMITED STANDARD is designed for those individuals whose mountaineering requirements demand the absolute highest level of excellence in a sleeping bag. The quality of materials & the technology of design are outstanding. The LIMITED STANDARD incorporates an unparalleled variety of sophisticated features including our optional Detachable Collar

System and our "highest quality downfill" guarantee. In a recent survey by **Backpacker Magazine** of the top "2 lbs. fill" down bags in the country, the LIMITED STANDARD received the highest rating.

Limited Expedition The LIMITED EXPEDITION is the world's premier downfilled sleeping bag. It is intended for alpine mountaineers who anticipate prolonged use at high altitude and extremely cold conditions. The level of technical and designing excellence is unsurpassed among the world's sleeping bags. The LIMITED EXPEDITION features every Snow Lion manufacturing innovation plus a sewn-in downfilled collar. The downfill is of such extraordinary quality that we guarantee it to be higher than that found in any sleeping bag sold for resale in the United States.

Sleeping Bag Comparison Chart

1p = Polarguard, D = Down

2 = Due to minor variations in the resin content, the thickness and density of Polarguard, the total weights indicated may vary by plus or minus 10%.

3 = 2/2 = Double top/bottom; 3/2 = triple top/double bottom; 4/2 = four layer top/double bottom; slant = 50% offset slant baffle walls.

4 = It must be stressed that the temperatures quoted are conservative estimates and are subject to the following comfort variables: body metabolism and physical condition, the degree of convection affected by wind, the use of ground pads for added insulation, the effect of heat radiation, and the amount of clothing in use while sleeping.

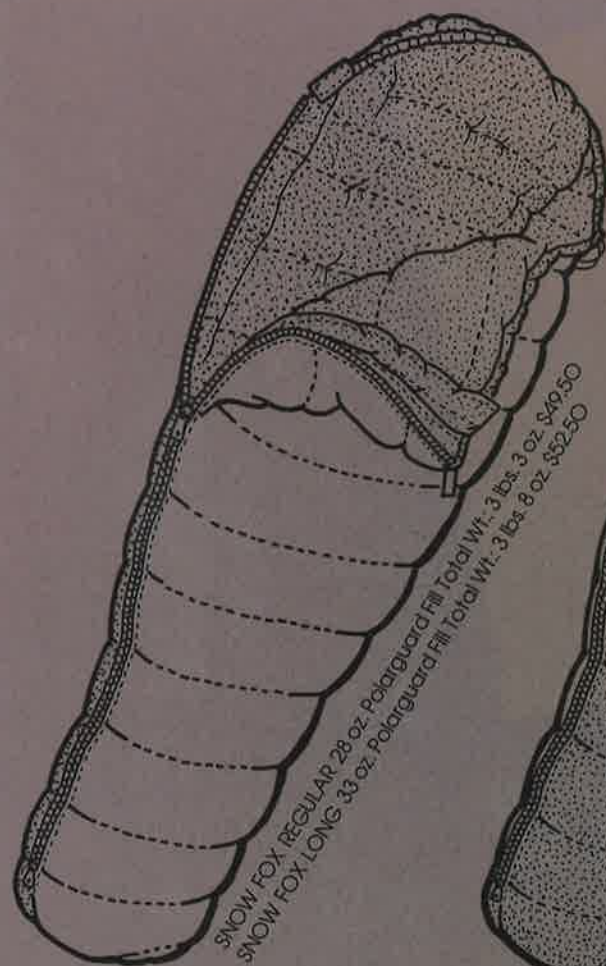

LIFETIME GUARANTEE

Every Snow Lion product is guaranteed against defects in materials and workmanship for as long as it is used by the original purchaser. Claims will be processed directly through Snow Lion; there is no need to contact the dealer from whom the product was purchased.

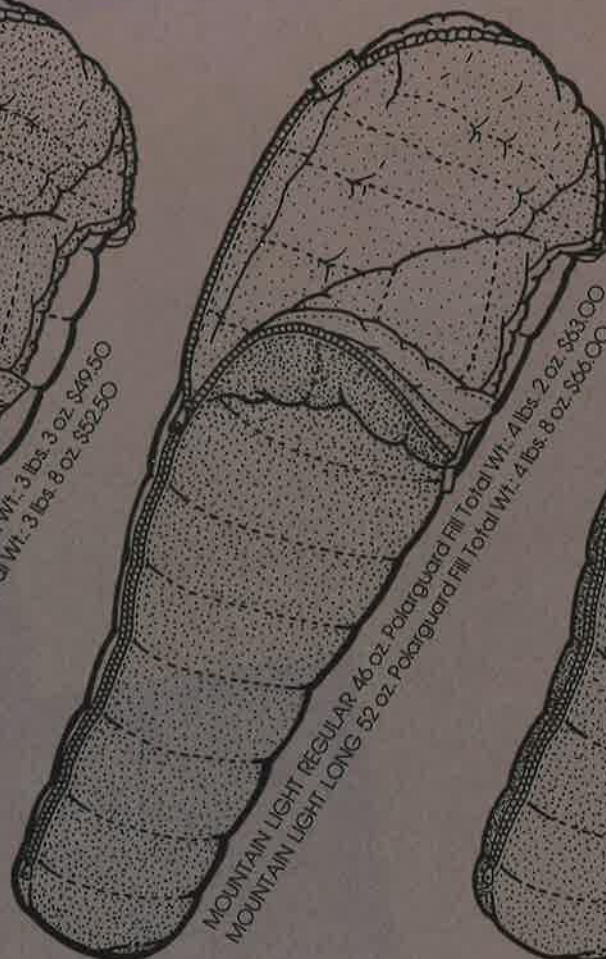

POLAR- GUARD SLEEPING BAGS

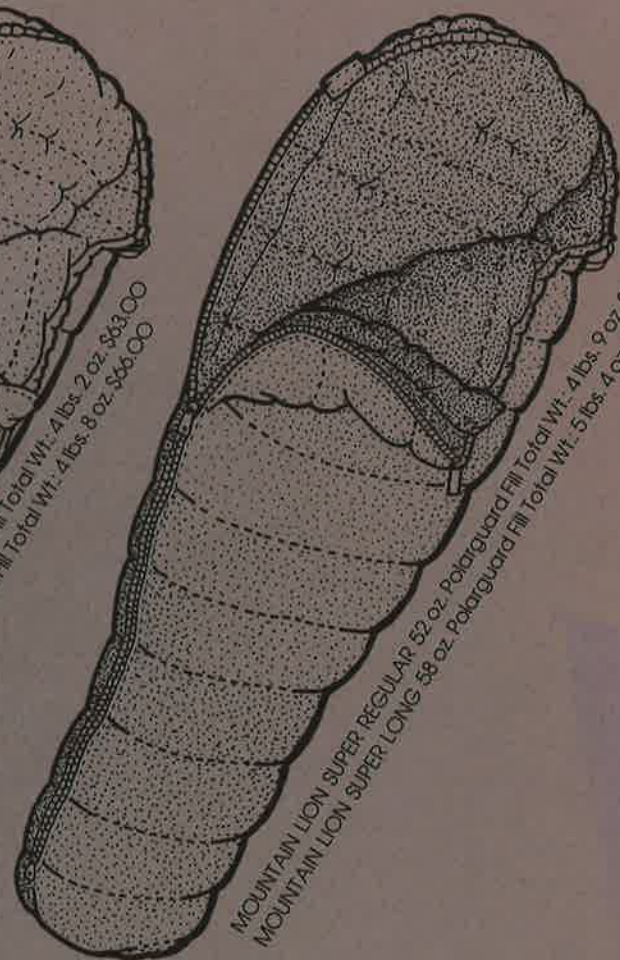

Snow Lion Polarguard products have revolutionized insulating systems for backpackers and mountaineers across the United States and Europe. Over forty major expeditions have decided to purchase Snow Lion bags during 1975/1976. Why? Polarguard's continuous filament fibers are tougher than other polyesters.

SNOW FOX REGULAR 28 oz. Polarguard Fill Total Wt. 3 lbs. 3 oz. \$49.50
 SNOW FOX LONG 33 oz. Polarguard Fill Total Wt. 3 lbs. 8 oz. \$52.50

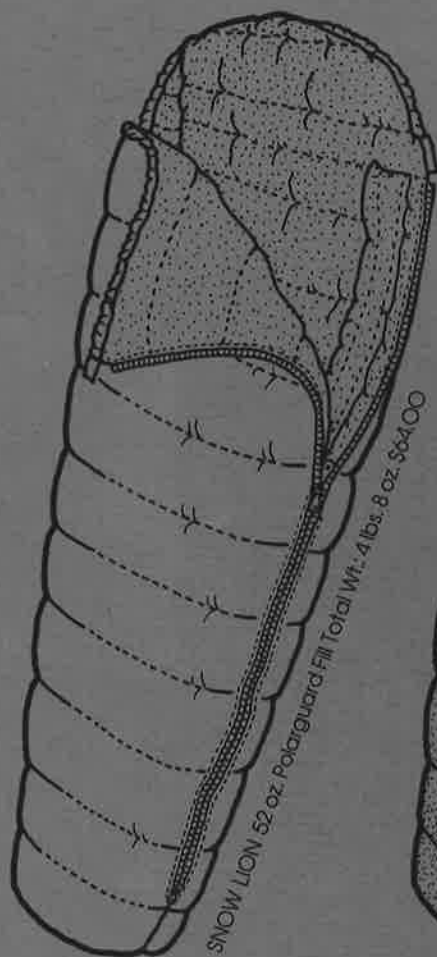

MOUNTAIN LIGHT REGULAR 46 oz. Polarguard Fill Total Wt. 4 lbs. 2 oz. \$63.00
 MOUNTAIN LIGHT LONG 52 oz. Polarguard Fill Total Wt. 4 lbs. 8 oz. \$66.00

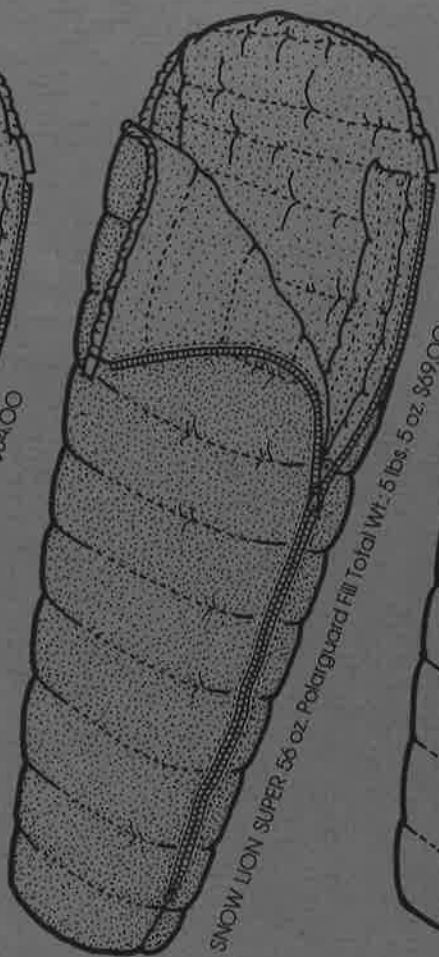

MOUNTAIN LION SUPER REGULAR 52 oz. Polarguard Fill Total Wt. 4 lbs. 9 oz. \$72.00
 MOUNTAIN LION SUPER LONG 58 oz. Polarguard Fill Total Wt. 5 lbs. 4 oz. \$75.00

Snow Fox To those individuals who said that a three season Polarguard bag, light and compressible enough for rucksack hiking and touring, "couldn't be made," we introduce the

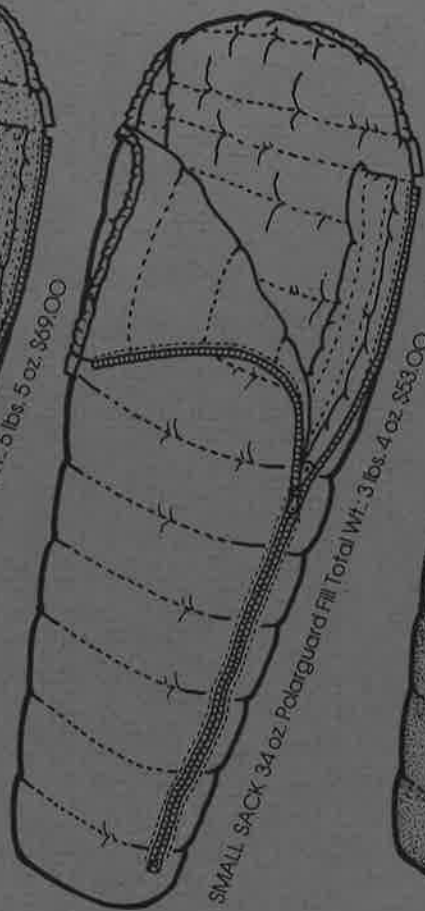

Mountain Lion Super Although designed for mountaineers and serious users, the MOUNTAIN LION SUPER has become one of our most popular Polarguard bags. This "hiking"

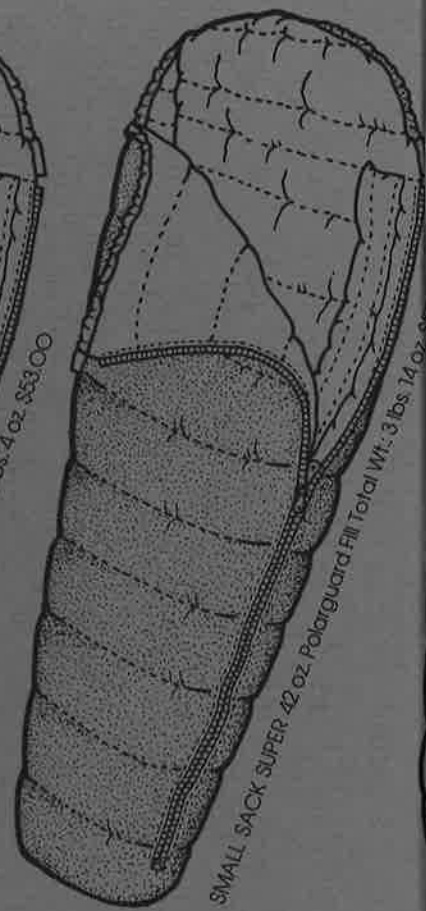

SNOW LION 52 oz. Polarguard Fill Total Wt.: 4 lbs. 8 oz. \$64.00

SNOW LION SUPER 56 oz. Polarguard Fill Total Wt.: 5 lbs. 5 oz. \$69.00

SMALL SACK 34 oz. Polarguard Fill Total Wt.: 3 lbs. 4 oz. \$53.00

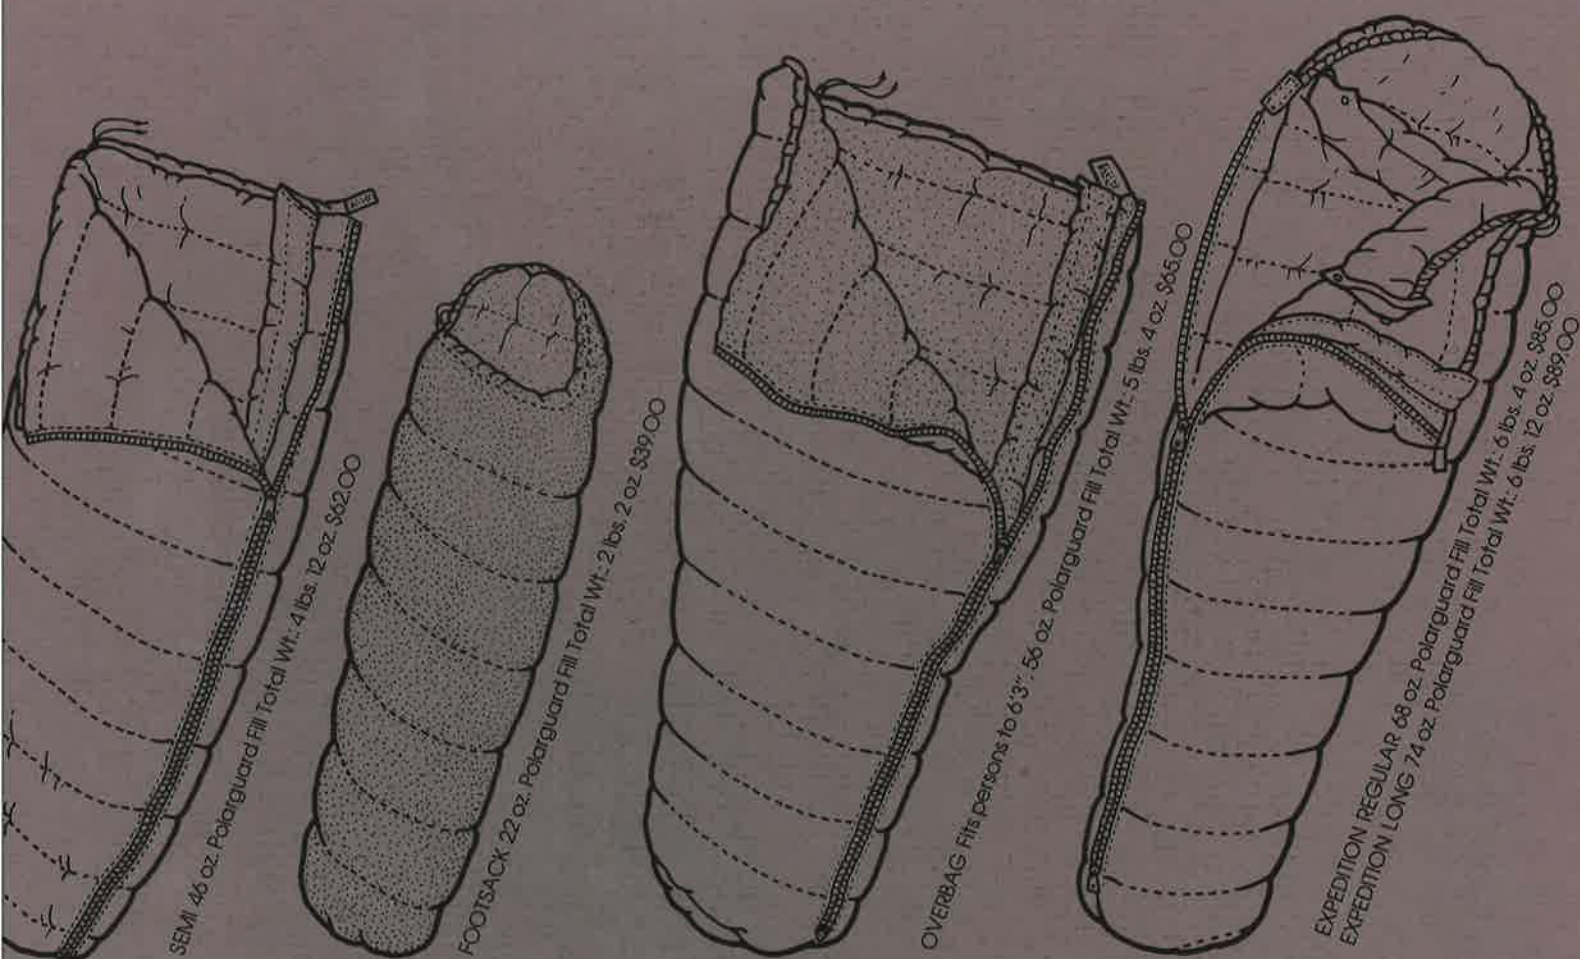

SMALL SACK SUPER 42 oz. Polarguard Fill Total Wt.: 3 lbs. 14 oz. \$58.00

Snow Lion Our first and most popular Polarguard bag, the SNOW LION is a three season modified mummy especially suited for those discriminating wilderness enthusiasts who insist on a roomy but backpackable bag. It features 10 oz. Polarguard Offset Double Quilted on top and bottom, a large oval foot section, and a large hood with drawcord and Velcro closures. One size fits persons to 6'3".

Snow Lion Super The high loft SNOW LION SUPER combines four season warmth with a roomy, modified mummy shape. It features our unique Triple Layer Sandwich construction on top and Offset Double Quilt on the bottom. The SUPER is a remarkable bag which has proven itself under the coldest conditions. One size fits persons to 6'3".

Small Sack The SMALL SACK is basically a shorter version of the SNOW LION with 8 oz. Polarguard Offset Double Quilt top and bottom. Its lighter weight and greater thermal efficiency make it perfect for persons under 5'8". The 58" zippers will join together side by side when left and right zippered bags are paired.

Small Sack Super The SMALL SACK SUPER is our answer to those who have requested a warmer Polarguard bag for persons under 5'8". The construction is our unique triple layer top/double bottom. We do not hesitate to recommend it for winter use. The SUPER's 58" side zipper will pair with a standard SMALL SACK or another SUPER if desired.

Semi Short for semi-rectangle, the barrel shaped SEMI is our answer to those determined individuals who will settle for nothing less than an extra roomy, hoodless, zip-around-the-foot Polarguard bag which opens for use as a comforter, which pairs one on top of another, and which is light enough for backpacking. Construction is Offset Double Quilt top and bottom. One size fits persons to 6'2".

Footsack Specially designed for use in tentless bivouac, our Polarguard FOOTSAK is virtually replacing downfilled versions among serious climbers across the country. Unlike down footsacks, the Polarguard provides crucial protection from the rain and snow which constantly plague vertical bivouac and gives excellent insulation underneath - where the luxury of a pad is rarely enjoyed. The construction is Offset Double Quilt throughout.

Overbag A giant, hoodless mummy with a large foot section and an around-the-foot zipper, the Polarguard OVERBAG is designed to combine with down or Polarguard mummy bags to provide the ultimate in comfort and protection for extended periods at low temperature. It opens to form a comforter or zips together one on top of another. Construction is 8 oz. Offset Double Quilt throughout.

Polarguard Expedition Perhaps the supreme Polarguard bag, the EXPEDITION is shaped like a MOUNTAIN LION SUPER, but is 2" wider in girth with a larger footsection. Construction is an overpowering 6 layers of 10 oz. Polarguard: four layers on the top, two on the bottom. In addition, a Polarguard filled collar is permanently sewn-in at the shoulders to trap heat in the bag and prevent draft. Because of the EXPEDITION's loft and bulk, a compression stuff sack is provided as a standard accessory.

DOWN CLOTHING

Snow Lion down garments combine attractive and yet totally functional design with the highest level of quality available in both materials and workmanship. The care that went into the design and production of each garment is immediately apparent upon examination. The use of extensive bar tacking, the elimination of "cold spots" by filling each down tube individually, high stitch count and meticulous care to detail are some of the reasons Snow Lion down garments have become the standard for quality. While it would be easy to take credit for the constant innovative design changes that have kept Snow Lion ahead of the competition the truth is that we have simply listened carefully to the mountaineers and backpackers who use our garments.

ULTIMATE PARKA
XS-S-M-L-XL \$52.50

BERING PARKA
XS-S-M-L-XL \$64.50

GREATCOAT
XS-S-M-L-XL \$67.50

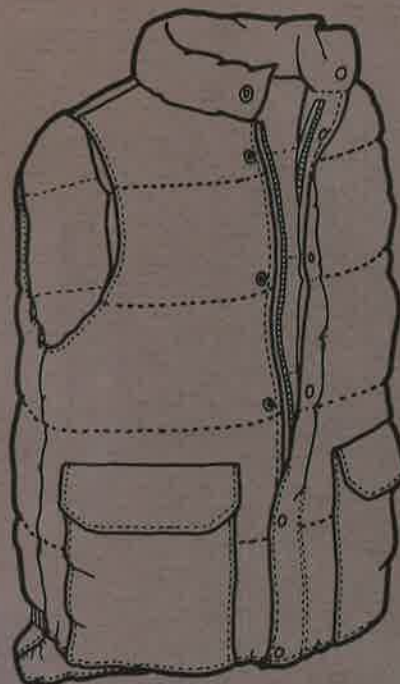

Ultimate Parka The ULTIMATE is an innovative and functionally efficient parka with great loft, flexibility and durability. It features our exclusive baffled shoulder wall, 2-way Delrin zipper with draft flap, extended fabric hood attachment system, six pockets, elastic and snap wrist closures, and waist drawcord. We believe that the ULTIMATE is the most popular down parka offered in backpacking/mountaineering shops in the United States, 12 oz. avg. downfill, Midnight Blue, Royal Blue, Cherry Red or Spruce Green. Optional baffled hood available.

Bering Parka The BERING is the lightest sub-zero parka in the world, completely baffled, and much warmer than sewn-through parkas, yet not as restrictive as expedition parkas. No cold spots anywhere! Features include 2-way Delrin zipper with draft flap, six pockets, elastic and snap wrist closures, extended fabric

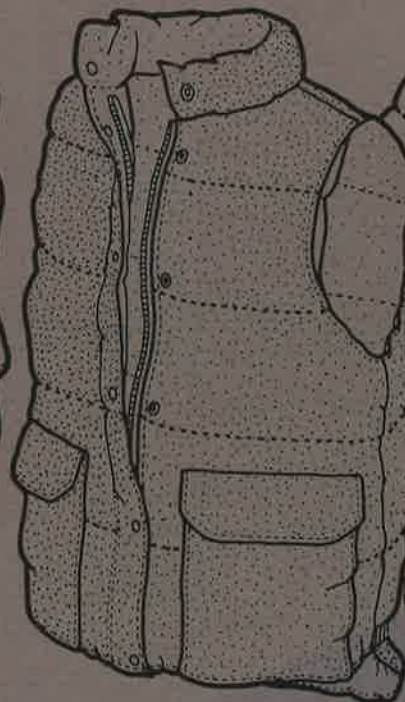

hood attachment system, and waist drawcord. After only six months of public exposure, the BERING has become the hottest new down parka on the mountaineering scene. 16 oz. avg. downfill, Royal Blue or Rust. Optional baffled hood available.

Greatcoat The GREATCOAT is a beautiful three layer down parka designed to afford warmth and comfort at the coldest temperatures. Special features include a rugged, specially blended 65% polyester/35% cotton outer fabric, ripstop nylon inside lining, seven pockets, two-way Delrin zipper with draft flap, our exclusive extended fabric system for hood attachment and waist drawcord, 13 oz. avg. downfill. Dark Blue, Rust, or Tan. Optional hood available.

SUPER VEST
XS-S-M-L-XL \$29.50

BERING VEST
XS-S-M-L-XL \$37.50

EXPEDITION DOWN PARKA
XS-S-M-L-XL \$95.00

Super Vest

Die hard vestlites have asked for something more than the traditional vest with exposed zippers and flimsy pockets. Thus our SUPER VEST has five pockets, down-filled collar, elastic expansion panels, an exclusive mesh baffled chest, and

to the SUPER VEST. It is our belief that the BERING VEST is the warmest garment of its kind ever manufactured. Midnight blue or Cherry Red. 9 oz. avg. downfill.

**POLAR-
GUARD
CLOTHING**

The overwhelming demand for Snow Lion's Polar Guard has been a clear indication of the quality of the clothing.

PALISADE PARKA
XS-S-M-L-XL \$45.50

THUNDER BAY PARKA
XS-S-M-L-XL \$52.50
(available August, 1976)

NEW ROCKY MOUNTAIN PARKA
XS-S-M-L-XL \$57.50
(available August, 1976)

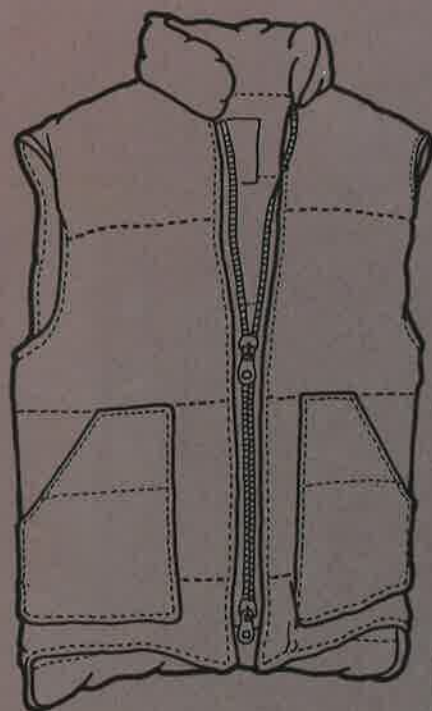

Palisade Parka Our most popular Polarguard parka, the PALISADE is a trim, double quilted garment designed to be attractive and functional around town and in the mountains. The two layers make it warmer than traditional sewn-through parkas. Features include two-way Delrin zipper with draft flap, four pockets, snap and elastic wrist closures, our extended fabric hood attachment system and waist drawcord. Dark Blue, Spruce Green or Rust. Optional detachable hood available.

Thunder Bay Parka The THUNDER BAY offers a tough new dimension to the Polarguard garment scene. Cut along the same trim lines as the PALISADE, the THUNDER BAY's outer fabric is a rugged, water-repellent blend of 65% polyester/35% cotton. Inside, the fabric is our soft hand ripstop nylon in attractively contrasting colors. Other features include two-way Delrin zipper with

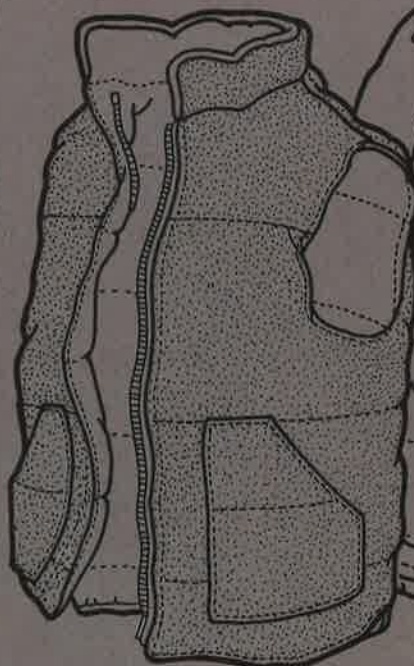

snap down draft flap, four pockets, snap and elastic wrist closure, our extended fabric hood attachment system and waist drawcord. Dark Blue, Forest Green, or Rust. Optional detachable hood available.

New Rocky Mountain Parka Our most abuseable Polarguard parka, the ROCKY MOUNTAIN is good looking, warm and dependable. The thick layer of Polarguard insulation is covered by our specially blended 65% polyester/35% cotton. Our exciting addition to the 1976 version is a scalloped, western-style yoke of two-ply waterproof nylon taffeta. Other features include two-way Delrin zipper with snap down draft flap, four pockets, our extended fabric hood attachment system, and waist drawcord. Dark Blue, Forest Green, or Rust. Optional detachable hood available.

YOSEMITE VEST
XS-S-M-L-XL \$24.50

TETON VEST
XS-S-M-L-XL \$27.50

POLARGUARD
EXPEDITION OVERPARKA
XS-S-M-L-XL \$65.00

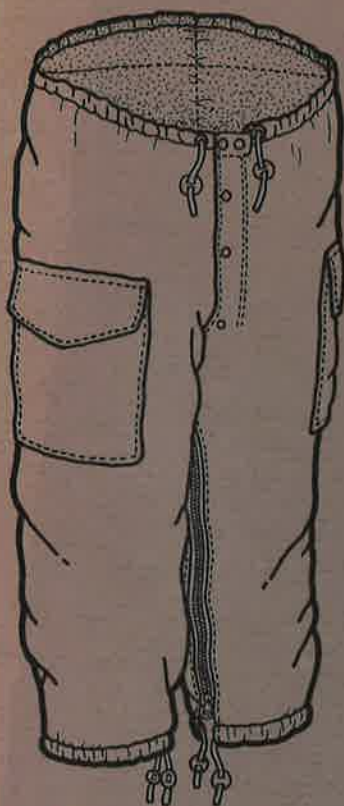

Yosemite Vest The YOSEMITE is a unique double quilted vest made with two offset layers of Polarguard quilted to ripstop nylon. It is perfect for use over a long sleeve shirt or under a wind shell or insulated parka. Features include insulated outer pockets, Delrin zipper, 3" Polarguard filled collar, and a rear kidney extension. Royal Blue, Spruce Green or Tan.

Teton Vest The TETON is an extra rugged version of the YOSEMITE vest. Double quilted like the latter, the TETON features a durable, water-repellent outer of 65% polyester/35% cotton and a ripstop nylon inner. It is intended for those who need a hard working, durable garment. Other features include insulated outer pockets, Delrin zipper, 3" Polarguard filled collar, and a rear kidney extension. Dark Blue, Forest Green or Rust.

Polarguard Expedition Overparka

The OVERPARKA was specially developed for several major American expeditions. It has been used successfully in the most severe weather all over the world. The 1976 version has been enlarged to fit comfortably over lighter parkas, vests, and shirts. Special features include double quilting throughout, built-in hood with visor, wool wristlets, two-way #10 Delrin zipper with draft flap, four pockets, waist, bottom and hood drawcords. Dark Blue or Rust.

POLARGUARD PANTS S-M-L-XL \$35.00

POLARGUARD MITTS
S-M-L \$14.50

POLARGUARD BOOTIES
XS-S-M-L-XL \$15.50

WESTERN MOUNTAIN PARKA
XS-S-M-L-XL \$56.00

MOUNTAIN PARKA
XS-S-M-L-XL \$46.50

Polarguard Pants

Our Polarguard alpine mountaineering PANTS are cut extra long and roomy to provide maximum bend and flexibility. Features include extra high back, water-repellent taffeta outer shell, Delrin zippers extending up the inside of both legs which may be paired to form a half sack, zippered crotch with draft flap, patch pockets with Velcro closures, hip, waist, and cuff drawcords. Orange.

Polarguard Mitts

Our MITTS are designed to protect the hands in cold or wet-cold conditions. Special features include waterproof 11.5 oz. Cordura palms, breathable oxford nylon backs, inside wristlets to keep out snow, and a webbing/buckle tightness adjuster. 13 inches long. Assorted colors.

Polarguard Booties

Our BOOTIES are designed to provide insulation and walkability as well as warmth and comfort. Special features include double layer Polarguard uppers, 11.5 oz.

waterproof Cordura soles and side, foam foot pad, elastic ankle and drawcord top. Assorted colors.

Mountain Parka

Our MOUNTAIN PARKA is a super tough, multi-purpose, double layer garment with the emphasis on function and fit. Features include inner and outer shells of wind-tight, water-repellent 65/35 polyester/cotton, six pockets, Velcro wrist adjustment, 2-way #10 Delrin zipper, throat flap, integral hood, hood and waist drawcords. Dark Blue, Forest Green or Rust.

Western Mountain Parka

The WESTERN MOUNTAIN PARKA is a highly sophisticated parka featuring two layers of 65/35 polyester/cotton, waterproof nylon yoke, Ventile cotton inside upper body, six pockets, 2-way #10 Delrin zipper, throat flap, integral hood, Velcro wrist adjustment, hood and waist drawcords. Dark Blue, Forest Green or Rust.
